“Working with Janice was an Easy and Enjoyable process with a Fantastic outcome - Thank You!!

I felt totally confident about Janice’s knowledge and approach - it was refreshing. The whole experience was smooth with clear communication throughout. I completely trusted Janice during the negotiation stage and she was caring and professional.

I particularly appreciated her very personal approach as we prepared the house for presentation, which included Me as a person still visible in the house and very much part of the process. We did a video which I believe was an Amazing way to share so much more about my home. Janice is responsive and a Woman of her Word. I would Totally Recommend Janice to be your agent - it’s a No Brainer, she and her team are FABULOUS !!!” Julia (Vendor)

April-June Quarter Two

A Note from Janice

Hello and welcome to our latest market update.

What a fantastic quarter it has been for home sellers!

With the lowest interest rates on record, coupled with pleasingly low unemployment figures helped by both Federal and State stimulus packages aimed to ensure most of us recover from the State Lock-downs as quickly as possible, the property market has been rising in leaps and bounds.

In a rising market our biggest challenge as local agents is ensuring we aren't breaking State Legislation and "under-quoting". Feedback from buyers looking in the area is that they are frustrated and upset when homes they thought were affordable for them sell for far above the advertised price. Recent advice from Consumer Affairs Victoria is that they have experienced a 129% increase in complaints about underquoting.

If you want to know more about how we are handling this issue...get in touch with us now!
